Guy Maman

BUSINESS OPERATIONS | PROJECTS | PRODUCT & GROWTH

Operations and project manager managing day-to-day operations across 11 complex real estate development projects with a combined value exceeding NIS 1 billion, coordinating engineers, architects, legal teams, contractors, real estate developers and municipalities. Co-founder of Mishtaken Hacham, a digital platform that grew to 3,000+ registered users without paid advertising. Brings structure to multi-stakeholder work, takes ownership of problems through to resolution, and uses AI tools and digital workflows to improve how work gets done. Captain (Res.), IDF.

PROFESSIONAL EXPERIENCE

Co-Founder | Product & Operations 2026

Mishtaken Hacham

Digital platform helping Israeli housing-lottery participants navigate complex housing decisions through accessible information, calculators, guides and practical tools

- Co-founded and built a digital platform from scratch, reaching 3,000+ registered users and 30,000+ website visits through organic growth, without paid advertising
- Identified user needs and helped shape product functionality, user experience and operational workflows
- Worked directly with users, service providers and professional partners on customer engagement and product improvements, using AI tools and digital workflows to support development and operations

Operations & Project Manager - Real Estate Development 2021 - Present

Ken Hator Engineering & Construction

- Managed day-to-day operations and progress across 11 complex real estate development projects with a combined value exceeding NIS 1 billion
- Oversaw project schedules, milestones and dependencies, following up on open items to keep projects moving
- Coordinated stakeholders across functions, including engineers, architects, legal teams, contractors, real estate developers and municipalities
- Tracked progress, identified bottlenecks and resolved operational issues, and reported status and critical risks to senior management

MILITARY LEADERSHIP

Captain (Res.) | Deputy Company Commander

IDF Nahal Reconnaissance Unit (Sayeret Nahal)

- Led commanders and soldiers, taking responsibility for people and mission outcomes
- Planned and coordinated complex operations across multiple teams and interfaces
- Made decisions and solved problems under pressure and uncertainty
